

ABOUT WILD CARE

Wild Care's mission is to treat injured, ill and orphaned native wildlife for release, to prevent wildlife casualties through public education and live counseling, and to engage the community in conservation through volunteerism.

Since our founding, Wild Care has accepted greater than 30,000 wild creatures, representing over 275 species of native birds, mammals, and reptiles. On average, Wild Care receives more than 1,800 wild animals per year for treatment. Of those admitted, about half come to us due to injuries and habitat loss due to human activities.

It is a vital part of Wild Care's mission to help educate the public on ways they can avoid harming our animal neighbors.

We work with the community to positively impact the lives of wild animals through our counseling, educational efforts, and outreach.

Wild Care does not charge the public for our services to wildlife.

We accept wildlife regardless of a rescuer's ability to make a donation and we never compromise quality of care or the dignity of an animal's life for fundraising purposes.

We are constantly striving to preserve the natural history of Cape Cod and provide quality, individualized care to each of our patients.

We thank you for your support and commitment to the wildlife of Cape Cod.

Wild Care of Cape Cod is a 501 (c)(3) non-profit corporation located in Eastham, MA

Join this trip today and you will be supporting the work Wild Care provides for wildlife.

ITINERARY

May 21 - Depart for Scotland

May 22 – Meet the private driver to be transferred to **Ross Priory**. Rest this afternoon and enjoy the grounds. Situated in an unrivalled position on the banks of Loch Lomond with stunning views of Ben Lomond and the surrounding hills, Ross Priory is a secluded and unusual venue enhanced by magnificent gardens. Dating back to 1693, Ross Priory is one of the finest examples of Gothic architecture in Scotland. Dinner this evening.

May 23 - After breakfast, the group takes a 1/2 day hike in the Loch Lomond Trossach National Park. Enjoy views of lush rolling landscapes, tranquil lochs (lakes), and rugged mountains in the north. The afternoon is free. Dinner this evening.

May 24 - After breakfast, depart for the town of Oban on the east coast. Then ferry to the Isle of Mull to take a full day guided wildlife tour with viewing opportunities for Golden Eagle, White-Tailed Eagle, Eurasian Otter, Hen Harrier, Red Deer and more. The seas around the island are home to Harbour Porpoises and Bottlenose Dolphins and an array of marine mammals. Lunch and dinner on your own today.

May 25 - After breakfast we depart for Edinburgh. Along the way we will stop in Falkirk for a visit and lunch on your own. This evening we take a walking food tour in Edinburgh and sample all Scottish food with a few surprises. The tour visits neighborhood restaurants where you will eat locally sourced food and learn a bit of history. In the evening, enjoy the city life! Our accommodation is the **Kildonan Lodge Hotel**.

May 26 - This morning after breakfast, we depart for New Berwick and visit the Scottish Seabird Center. From there we will board a boat to Bass Rock for a 3-hour guided tour. Bass Rock has been labeled one of "the most intense wildlife experiences it is possible to have anywhere in the world". It is home to the world's largest nesting colony of over 150,000 Northern Gannets. Other possible sightings include guillemots, razorbills, shags, Atlantic Puffins, seals, dolphins and more.

May 27 – After a leisurely morning, we take a self-guided tour of Edinburgh Castle. Dinner this evening.

May 28 - The last day is free for shopping and eating. Or take an optional tour to be pre-booked. Suggestions are: A visit to the National Museum, Holyrood Palace, or the Real Mary King's Close, enjoy the Scottish Whiskey Experience, visit the Royal Yacht Britannia or Royal Botanic Gardens. Dinner on your own this evening.

May 29 - After breakfast the group is transferred to Edinburgh airport - depart for the US.
