

EXPANSION PROJECT TIMELINE & COST

Anticipated timeline, and estimated costs

2023 – 2024

2023

BREAK GROUND!

Begin Phase I: Create new Cleanliness Room

2023

BUILD!

Begin Phase II: Education Center addition

2024

CELEBRATE!

Anticipated Completion of Project

Total Estimated Project Cost: \$621,786
Additional \$150,000
needed to reach our goal

Recent price increases in material and labor costs since our previous fundraising effort have made it necessary for us to raise additional funds to complete the expansion project we so desperately need to meet the needs of the more than 1,800 animal patients we treat in our clinic every year.

Please join the individual donors, businesses, and foundations who have made contributions towards this important project.

Thank you to all who have already contributed!

WILD CARE EXPANSION PROJECT

Celebrating 30 Years of Service

OUR MISSION

Since Wild Care's founding in 1993, our mission has been to treat orphaned, injured or ill wildlife through professional Wildlife Rehabilitation; to reduce the numbers of animals impacted by human activity through Educational Outreach; and to help protect native Cape Cod and Southeastern Massachusetts species and ecosystems through Advocacy and Conservation.

As we look forward to the next 30 years, we remain dedicated to providing quality care for the many animals that come through our doors. We've grown so much since our beginning in 1993. This important project will benefit wildlife by allowing us to work in a more efficient way, as well as the community by creating a better understanding of the animals that are so vital to the environment we share.

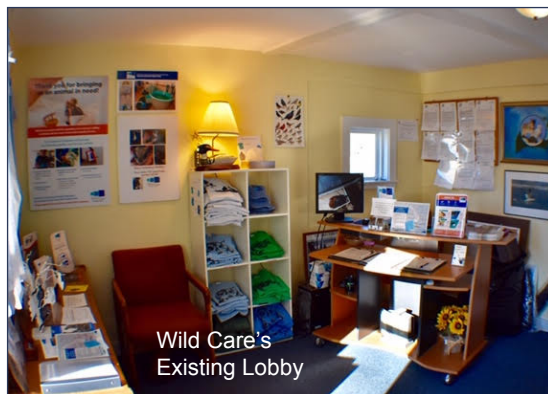

GOALS

Wild Care Existing
Clinic Kitchen

The new Cleanliness Room will provide a well-functioning designated room to sanitize and disinfect linens, dishes, and animal enclosures. The existing Clinic Kitchen will then function for patient food prep only.

Wild Care's
Existing Lobby

The new Education Center and Animal Admissions will provide a warm and welcoming area along with an educational experience for persons bringing in injured or orphaned animals. This new space will allow the existing lobby to be used as additional clinic space for animal patients in need of lifesaving care.

Please consider making a donation towards
Wild Care's Expansion Project

www.wildcarecapecod.org

DESIGN

SV Design designed a freestanding Cape Cod shingle-style structure that will be home to Wild Care's new education center. An additional room will have lofted storage and will provide a dedicated space to wash and sanitize necessities for animal patients of the clinic. Decks with ADA compliant ramps connect the new building to the main building and barn that house animals and treatment rooms. In response to the flood zone, SV Design elevated the building on piers. The new education center will be a vibrant refreshing space that will provide an educational experience for persons dropping off patients.

NAMING OPPORTUNITIES

Contact Executive Director Stephanie Ellis for more information about naming opportunities for major donors.

Stephanie@wildcarecapecod.org or 508-240-2255

\$100,000

Education Center and Animal Admissions

Reception area where people drop off sick, injured and orphaned animals and receive an educational experience.

\$75,000

"BirdWalk" Deck

Provides connectivity, and easier access to our buildings for staff, and opportunity for small outdoor educational programs held on our deck.

\$50,000

Cleanliness Room

Designated space to provide animals with safe, sanitized habitats, linens, and food dishes. Also a work-friendly space for staff and volunteers.

\$15,000

Mobility Ramp

An all-inclusive environment, accessible ramp for all abilities.

\$8,000

Welcome Sign

Wild Care hanging welcome sign for the front of the Education Center.
